

HelpAge Asia-Pacific Regional Conference 2018

Family, Community and State in Ageing Societies

23–25 October 2018
Tehran, I.R. Iran

What are the changing roles of older people, family, community and government?

Assessing together the trends in population ageing and family dynamics, as well as how communities and governments across Asia have responded.

Through parallel streams, examining policies and community services to ease adaptation in relation to:

- Social inclusion
- Income security
- Health and care
